AEIS Projects 2019

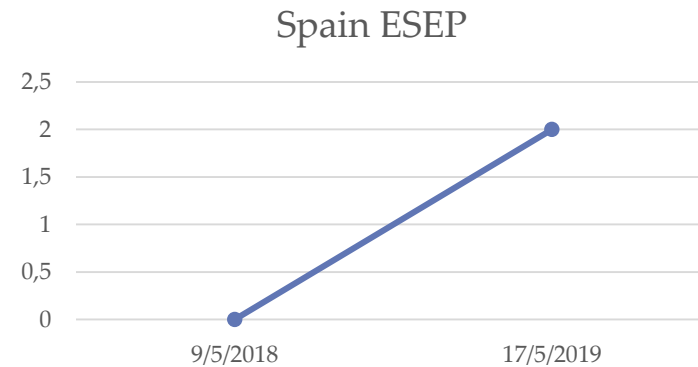

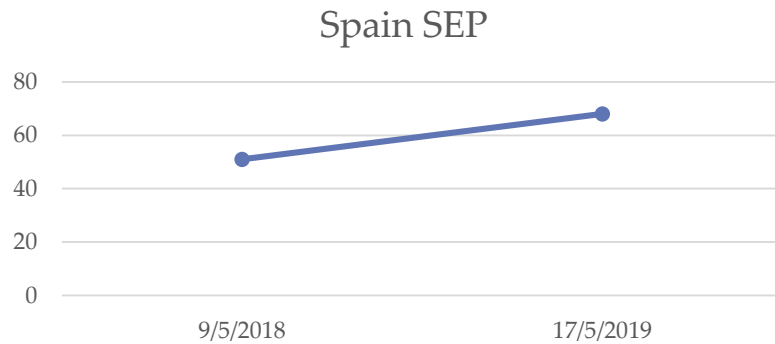

- **Handbook translation**
- **Leading the Knowledge Management and Ontologies WG**
- **MBSE**
- **SESE (South European Systems Engineering Tour**
- **INCOSE IW and SYMP Annual participation**
- **Promotion of the SEP Certification in Spain**

Multi-Level Base Credentials

The Base ASEP, CSEP, and ESEP credentials cover the breadth of systems engineering at increasing levels of leadership, accomplishments and experience.

Events:

Artificial Intelligence 4 Systems Engineering

The screenshot shows a web browser displaying the Knowledge Reuse Group website. The URL in the address bar is www.kr.inf.uc3m.es/ai4se-2019/. The website header includes the Knowledge Reuse Group logo and navigation links: "Our group", "Research", "People", and "Careers". The main content area features a large image of a university courtyard with people walking. Overlaid on this image is the text: "Artificial Intelligence in Systems Engineering Week", "November 11-15, 2019", "Knowledge Reuse Group", and "Carlos III University of Madrid | Leganés, Madrid". Below this, a paragraph describes the event: "A series of workshops, forums, project meetings, tool exhibitions and more, on the application of Artificial Intelligence for Systems Engineering. Get the latest insights and skills from technology leaders and practitioners shaping the future of systems engineering, artificial intelligence, teamwork and productivity. Immerse yourself with the latest tools, tech, and experiences that matter, and hear the latest updates and ideas directly from the experts."

AI4SE 2019

**First Workshop on the application of
Artificial Intelligence for Systems Engineering**
12th – 13th November 2019 – Madrid (Spain)
